A healthy life begins with caring.....

Shinning plating technology

Deep and uniform plating showed smooth mirror effect and with long time shinning, it can also effectively dirt and acid & alkali resistance, this is ensure years of use is still shining like a sparkling star.

Mute technology

To create a quiet space, SANHUI tap mute technology effectively slow down the water in the process of release,flow noise, let every open is very wonderful experience with water

Constant flowing technology

SANHUI constant flowing when the water pressure exceeds a threshold value,still maintain a constant flow rate,effective water saving.

ECO water saving technology

SANHUI water-saving technotogies can make less wa'ter to achieve the most beautiful flow pattern. By convection strength of the profound understanding, SANHUI products have the best effect of water saving.

Thermostatic technology

Thermostatic Faucet can reach preset temperature immediately. The advanced check valve applied on this design prevents mixing up of hot and cold water, and provides you a safe and comfortable experience.

Life is personal and flexible,
Wash and relax in the morning,
One that enriches his life scene,
It's easy to use,
Products with highly consistent aesthetic standards,
Create a new living space.

The aesthetic feeling of urban design is simple and charming.
Adhering to the concept of simplicity,
after being simplified and processed,
only the necessary elements are retained.
The ideal collocation of the column design of the
dragon head is the unique feature of these designs,
showingthe beauty of leisure and harmony.
